VILLA D'ESTE STYLE - VINTAGE YACHTING

JULY 21, 2024

Villa d'Este and Lake Como celebrate the highest level of hospitality and the classic yachting tradition in an exclusive rendez-vous dedicated to vintage wooden boats.

A TRADITION THAT IS RENEWED EVERY YEAR

Villa d'Este has always been one of Lake Como's top destinations for classic wooden boat owners. Now in its fifth edition, "Villa d'Este Style - Vintage Yachting" has become a fixture of the season, blending savoir faire and lifestyle, a dreamlike lake, and the most beautiful wooden boats ever built.

Celebrate the great nautical tradition and admire the priceless vintage runabouts, many of which were handcrafted using precious woods on the very shores of the lake, captivating enthusiasts from all over the world.

A UNIQUE EXPERIENCE ABOARD WOODEN BOATS WITH TIMELESS CHARM

As always, the cultural and historical aspects will be represented thanks to the partnership with ASDEC (Association of Vintage and Classic Boats - Historical Nautical Register), whose institutional purpose is to safeguard and pass on interest in this type of boat to new generations, alongside the Museo della Barca Lariana, one of the most important nautical collections in the world.

"Villa d'Este Style - Vintage Yachting" offers a unique opportunity to personally experience exclusive boating in the magical setting of Villa d'Este.
